Tenant Summary

Tenant	Space	Rent	Term	Special Notes
Horizon Commerce	Dry Warehouse - 760,000 SF	\$18.50/SF	12 years	Termination option after year 6; tenant contributes approx. 64% of rental revenue
NorthLake Foods	Cold Storage - 280,000 SF	\$31.00/SF	10 years	Cold-chain improvements require specialized re-tenanting
Apex Delivery	Last-Mile Flex - 200,000 SF	\$23.50/SF	7 years	Two 5-year renewal options

Concentration Risk

Horizon Commerce is expected to account for approximately 64.00% of gross rental revenue at stabilization. The termination option after year 6 creates a major rollover and re-tenanting risk. If Horizon Commerce terminates, replacement downtime could materially reduce NOI and impair exit valuation.

The lease abstract package does not include signed SNDA documentation for Horizon Commerce as of the memo date.
